

Sections of a Research Paper:

- Abstract:
 - Summarizes key parts of the study
- Introduction:
 - Contains reason for the study
 - Literature Review
 - State Research Question/Goal
- Methods
 - How You Actually Conducted the Research
 - Hypothesis
 - Data Collection And Cleaning Steps
 - Analysis Method
 - Assumptions And Checking
- Results
 - State Output/Numerical Findings
 - Table, Graphs, Visuals
- Conclusion
 - Interpret Results In Context Of Your Research Question And Other Studies/Key In Formation
 - List Drawbacks/Limitations
 - Future Directions
- References
 - Bibliography

Intro to Bias: Prejudice In The Favor Of/Against A Person, Thing, Or Group

- Publication Bias
 - Significant/Positive Results Are More Likely To Be Published
- Reporting Bias
 - Omitting or Hiding Unexpected/Insignificant Results
- Confirmation Bias:
 - Result Are Amplified/Ignored To Fit An Expectation
- Recall Bias:
 - Events/Exposures Are Misremembered
